Dialogue to Action

The Centre for Innovation in Campus Mental Health's Annual Conference is the meeting place for stakeholders in post-secondary mental health across Ontario and Canada. Our virtual conference last year attracted over 600 participants, 20 sponsors and/or exhibitors, and leaders in mental health from across the country.

Our conference will feature best, promising and emerging practices in the sector through an online platform. Our one-day virtual conference will offer keynote speakers, concurrent sessions, poster presentations, wellness activities, networking opportunities and more.

INVITATION TO SPONSOR AND EXHIBIT

We invite you to become a sponsor or exhibitor at our conference. You will have an opportunity to promote your organization and services to a targeted group of professionals including post-secondary faculty, student leaders, peer mentors, administrators, front-line service providers, community service organizations, healthcare providers, research professionals and governments.

ABOUT US

WHO WE ARE

The Centre for Innovation in Campus Mental Health (CICMH) is a partnership project involving Colleges Ontario, the Council of Ontario Universities, the Ontario Undergraduate Student Alliance, the College Student Alliance and the Canadian Mental Health Association, Ontario. We are funded by the Ministry of Colleges and Universities.

OUR MISSION

To help Ontario's colleges and universities enhance their capacity to support student mental health and well-being. CICMH connects campuses to the latest ideas, research and tools for campus well-being.

OUR VISION

To optimize mental health and well-being for Ontario's post-secondary students.

OUR WEBSITES

The Centre is always working to provide campuses and community organizations with resources, toolkits, informational videos and more. Our two websites campusmentalhealth.ca and morefeetontheground.ca will provide you with the tools you need to enhance your capacity to help and serve students on campuses!

WHAT WE DO

We are committed to:

- Identifying and promoting a shared understanding of best practices to enhance mental wellness on campus.
- Creating solutions and developing common resources to fill in gaps and avoid duplication of resources.
- Connecting diverse campus and community organizations to optimize resources (and strengthen mental wellness support) in local communities.
- Promoting a whole campus approach to care that is flexible, adaptive and responsive to student needs.
